WORK EXPERIENCE

- I have specialized in ENT diseases Head and Neck Surgery,
- i have been working as an ENT specialist for 8 years.
- In recent years, I have been applying the procedures I have developed on face contouring, non-surgical face and neck lift; face, neck, décolleté, skin rejuvenation, anti-aging innovative treatment methods with my experience of fine technique and advanced medical new generation applications and various medical devices.
- In the field of wellness and anti-aging management; I focused on personalized treatment methods and medical aesthetic applications with the motto of investing from today to the future and a better WE.

Among the things I deal with, I am more often involved in the following;

- Botox (mimic wrinkles, teeth clenching, face thinning, nefertiti neck botox, sweating migraine botox)
- Face contouring or lifting application with filler applications
- Application of wrinkle filler
- Liquid face lift HA, PLLA, PCL applications
- Face lift and skin rejuvenation with youth vaccine applications (jalupro superhydro, primestar, agulift, H100, Aquashine etc...)
- Mesotherapy applications (anti-aging, scarring, acne, blemish, lipolysis, cellulite mesotherapy, hair loss treatment)
- PRP application (antiaging, blemish, hair loss..)
- Face lift, skin rejuvenation with smart filler application (Radiesse, HarmonyCA...)
- Salmon DNA, paris glow, collagen vaccine, moisture vaccine applications
- Rejuvenation and hair loss treatment with stem cells (autologous or allogeneic stem cells)
- Skin rejuvenation, spot treatment, hair loss

treatment with exosome

- Skin rejuvenation with magellan vampire face lift
- Face lift application, eyebrow lift, face neck skin rejuvenation applications with Ulthera
